# May 2010 Prayer Calendar for Eastern Hungary

*Items below are listed in order as they appear on the calendar.*

Church Plants – The Eastern Hungary Team is working to see church plants in Balmazújváros, Nádudvar and Tiszafüred. In each city we are working with nationals to see new groups established and growing.

Hajdúszoboszló English Camp and Club – Last year's English camp produced an ongoing English club that meets Tuesday afternoons. We are planning another English camp July 5-11.

Bible Studies – The journeymen have established two ongoing Bible studies. The Experiencing God group meets Monday evenings, and the women's discipleship group meets on Tuesday evenings.

The Four Senses Theater is a combined project on the university campus with several churches and organizations participating. Students are blindfolded and taken on a dramatic walk through life, then death. For many students it is the first time they are confronted with the eternal consequences of their actions. New skits are now being developed that are culturally sensitive and acceptable to the school administration.

Coffee House – For years we have dreamed of having a weekly coffee house to provide a neutral setting to meet with people. Through the gifts of several friends we were able to start the coffee house last October, and we plan to continue through the next school year.

“Grain Game” Children's camps in Hungary, Serbia, Romania and Ukraine – This is a non-IMB project, but we played a part in helping to get it going and see potential long-term benefits for their work. Pray for the kids attending these camps to study God's word with open hearts.

Individuals and families are listed with pseudonyms on this calendar to protect their privacy.

Volleyball – Sports is a great way to make connections with young people. Since God has sent two volleyball players to serve on the Eastern Hungary Team, that is the focus the sports ministry has taken. We are now sponsoring a quarterly volleyball tournament and our teammates are playing on a team at the university.

Euro School and Baptist School Students – The Euro School is an accredited private school in Debrecen with several different programs. In partnership with the Hungarian Baptist Union, a new program is being added: the Baptist School. The IMB has provided two conversational English teachers this year. With our personnel decrease we will not be able to continue. Gary however has a great desire to help develop the school's radio project. There is a fully equipped radio broadcast booth and the school wants to develop an educational, family-friendly radio station. Please pray for wisdom concerning the future of this relationship and for the students and teachers; also pray for Barnabas, who is the Baptist pastor on staff at the school.

Music Ministries – A Baptist pastor once told us that music was the one medium that consistently speaks to Hungarians, crossing the gender, age and social barriers. Pray for volunteer music groups coming this fall that God will use them to spread his message of love and redemption.

Refugee ministry is not major a focus of the IMB team, but we support and help another organization that is becoming very active. Stacia is currently helping by teaching a children's class. We are in the discussion stage of forming a multi-organization refugee resource center where each organization can provide some support without draining too many resources from any one group.

Church plants in Tócsóskert and Pac are not IMB-led, but we help generate prayer support as well as encouragement in the work. Tócsóskert is the area of the city where the Euro School is located.
